

Vale of Glamorgan Memorial Park and Crematorium

DEVELOPERS: Howard Hodgson (Memoria), Gary Johnson (NatWest), Jamieson Hodgson (Memoria).

Memorial park blends with the rural landscape

THREE funeral directors with over 85 years combined experience in the sector joined forces to develop the new Vale of Glamorgan Memorial Park and Crematorium, which is up and running under the ownership of Memoria Ltd.

The site's main contractors have been Cardiff-based Brittan Construction, with other local Barry and Cardiff firms also working at the site.

Memoria have, where possible, used local materials and Welsh products. The memorial gardens offer memorialisation made exclusively from either Welsh lime or sandstone, to blend with the rural aspect of the Vale.

Funding to achieve the construction was provided by NatWest, alongside the shareholders of Memoria also investing their own personal resources.

The grounds, which include a memorial garden, are open to the public all year round.

Memoria chairman, Howard Hodgson said: "We have been very careful to ensure that the appearance of the site fits in with the surroundings of the Vale.

"We feel the new crematorium and memorial park will provide a valuable service to the community."
